RE: Launch of TalentEd program

Starts....

TalentEd

WANT TO BE A CHAMPION?

The search for Territory's top talent is now on - nominations for the exciting new TalentEd program are now open! TalentEd is a first class education program designed for the NT's best young talent to discover their path to winning in sport, life and the community. If you are aged 16, 17 or 18 years (as at end of 2010), from the Top End and are an aspiring sports star – nominate today!

Starwin Management in partnership with Intensity Sports Magazine and Hoops 4 Health have developed a unique and challenging program with the belief that every individual has the strength, passion and talent to reach for the stars and make their mark on the Territory!

Local sporting groups, organisation, schools and families are encouraged to support young people to nominate by 16 December 2010. We need 16 young athletes (male and female) to be part of the inaugural TalentEd team in 2011. The adventure kicks off with a 3 day / 2 night camp run from 20-22 January 2011 at Lake Bennett Wilderness Resort; filled with life skills, leadership training, cultural awareness, fitness, nutrition, motivational speakers and activities designed to challenge participants achieve success!

Want more? Following the camp the group will take part in ongoing development opportunities; including attend the Indigenous All Stars AFL game in February completing a Level 1 coaching certification – along with additional benefits such as access to mentoring, player promotion and other professional services.

Starwin Management (Karina Gray), Hoops 4 Health (Timmy Duggan) and Intensity Magazine (Jarred Ilett) are all organisations run by Territorians under the age of 35. By partnering together we have created a best practice model that focuses on building local capacity and a winning culture in the NT.

Program leader, Jarred Ilett states: *"Intensity Sports Magazine can see the value in 'TalentEd' and believes it will empower and equip promising Territory sports stars to advance in their chosen sport. The program will also develop young leaders from different areas creating a positive influence for our community as a whole."*
